3. Board of Zoning Appeals

3.1. General Statement

3.1.1. While most other Township citizen boards provide assistance or direction to the Township government itself, the Board of Zoning Appeals (BZA) is one of two boards that issues decisions directly affecting property owners. Therefore, the BZA is charged with deciding how to maintain the integrity of the Zoning Resolution while still working toward the betterment of the Township. The BZA has an obligation to respect all applicable laws in administering its duties. The BZA also has a responsibility to the public to provide a clear explanation of its policies and procedures.

3.2. Authority

3.2.1. The membership, powers and duties of the Beaver Creek Township BZA are found in Chapter 519 of the Ohio revised Code. In addition, the duties and powers of the BZA are set forth in the Beaver Creek Township Zoning Resolution.

3.3. Composition of the Board of Zoning Appeals

- 3.3.1. The BZA is a public board consisting of five (5) citizens who reside in the unincorporated territory of Beaver Creek Township.
- 3.3.2. The Beaver Creek Township Board of Trustees must appoint all members to the BZA.
- 3.3.3. All regular members of the BZA serve five (5) year terms. The terms shall be so arranged that the term of one member will expire each year.

- 3.3.4. The Beaver Creek Township Board of Trustees may also appoint up to two (2) alternate members to the Township BZA for terms to be determined by the Board of Township Trustees. An alternate member shall take the place of an absent, regular member at any meeting of the BZA, according to the procedures prescribed by the Beaver Creek Township Board of Trustees. When attending a meeting on behalf of an absent member, the alternate member may vote on any matter on which the absent member is authorized to vote.
- 3.3.5. Each member or alternate member shall serve until his/her successor is appointed and qualified.
- 3.3.6. No employee of Beaver Creek Township shall be a member of the Board of Zoning Appeals.
- 3.3.7. Members of the Board shall be removable for nonperformance of duty, misconduct in office or other cause by the Board of Trustees upon written charges being filed with the Trustees and after a public hearing has been held regarding the charges consistent with the procedure set forth in the Beaver Creek Township Zoning Resolution. Nonperformance of duty shall include, but is not limited to, a member's failure to attend three (3) hearings and/or meetings of the Board of Zoning Appeals in one (1) calendar year.
- 3.3.8. Vacancies shall be filled by the Board of Township Trustees and shall be for the unexpired term.

3.4. Duties and Authority of the Board of Zoning Appeals

- 3.4.1. Organize and adopt rules in accordance with the Zoning Resolution.
- 3.4.2. Hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Zoning Inspector or other administrative official in the enforcement of the Township's zoning Resolution or Sections 519.02 to 519.25 of the Ohio Revised Code.
 - 3.4.2.1. Such an appeal shall be taken within twenty (20) days after the decision by filing with the Zoning Inspector and the BZA a notice of appeal specifying the grounds thereof.
 - 3.4.2.2. The Zoning Inspector is required to transmit to the Board all papers constituting the record upon which the action appealed from was taken.
- 3.4.3. In exercising any of the above-mentioned powers, the BZA may reserve or affirm, in whole or in part, or modify the order, requirement, decision or determination appealed from, and may take such order, requirement, decision or determination as ought to be made, and to that end has all powers of the officer from whom the appeal is taken.
- 3.4.4. Upon application, interpret the map in such a way as to carry out the intent and purpose of the Beaver Creek Township Resolution where a street or lot layout actually on the ground, or as recorded, differs from the street and lot lines as shown on the Zoning Map.
- 3.4.5. Grant variances from the Lot Size and Bulk requirements of the Zoning Resolution as will not be contrary to the public interest, but only in such cases where, the property owner has encountered practical difficulties in the use of his property. The purpose of such power is to provide property owners relief from the

strict compliance the Zoning Resolution in individual cases. Restrictions on granting of variances as recognized by Ohio Law:

3.4.5.1. Use Variances:

3.4.5.1.1. A use variance allows a landowner to use existing property in a manner not permitted by the Resolution and inconsistent with uses in the surrounding area. Beaver Creek Township's Resolution does not provide for use variances.

3.4.5.2. Area Variances:

3.4.5.2.1. An area variance generally authorizes deviations from restrictions upon the Lot Size and Bulk requirements of the Zoning Resolution.

3.4.5.2.2. The standard for granting a variance which relates solely to area requirements is a lesser standard than that applied to variances which relate to use. Recognizing that an area variance has less impact on a neighborhood than a use variance, an application for such a variance need not establish unnecessary hardship; it is sufficient that the application show practical difficulties. As a general standard, a property owner encounters "practical difficulties" whenever an area zoning requirement (e.g. frontage, setback, height) unreasonably deprives him of a permitted use of his property.

3.4.5.2.3. There are a number of factors that the Township's BZA should consider in determining whether a property owner seeking an area variance has encountered practical difficulties in the use of his property. These factors are set forth in the Beaver Creek Township Zoning Resolution.

3.4.5.2.3.1.

3.4.6. Grant certificates for any Conditional Use of land, building, or other structure if the requested conditional use is provided for in the Zoning Resolution.

3.4.6.1. The BZA has the power to authorize a zoning certificate for any "conditional use."

3.4.6.2. Before granting a Conditional Use Certificate, the BZA must give due regard to the nature and condition of all adjacent uses and buildings and after determining that the proposed use will not be of a substantial detriment to adjoining properties.

3.4.6.3. The issuance of a conditional use permit is discretionary on the part of the BZA under the provisions of the Beaver Creek Township Zoning Resolution.

3.4.6.4. Conditions

3.4.6.4.1. The BZA shall impose such requirements and conditions, in addition to those required by the Resolution, as it deems necessary.

3.4.7. The Board may call upon the Township departments for assistance in the performance of its duties.

3.5. State Law Claims

3.5.1. BZA members are afforded statutory immunity from lawsuits in state courts consistent with Ohio Revised Code Chapter 2744, unless:

- 3.5.1.1. The member's conduct is deemed to be manifestly outside the scope of his/her official responsibilities;
- 3.5.1.2. The member's acts or omissions were with malicious purpose, in bad faith, or in a wanton or reckless manner.
- 3.5.2. If a BZA member is sued under state law as a result of conduct or participation as a member of the BZA, the Township will defend him or her consistent with the requirements of Ohio Revised Code Chapter 2744.
- 3.5.3. Additionally, the Township shall indemnify and hold BZA members harmless in the amount of any judgment, other than a judgment for punitive or exemplary damages, that is obtained against them in a state court consistent with Ohio Revised Code Chapter 2744.

3.6. Federal Law Claims

- 3.6.1. 42 U.S.C. §1983 creates a remedy for individuals who have been deprived of their constitutional rights under color of law. Under 42 U.S.C. §1983 any person who, under the color of state or local law deprives another person or entity of any of the rights, privileges, or immunities secured by the U.S. Constitution and laws, shall be liable to the party injured in an action at law, in equity, or other proper proceeding.
- 3.6.2. BZA members are acting "under the color of law" when they consider matters brought before them.
- 3.6.3. Section 1983 does not require that a BZA member acted willfully, or with specific intent, to violate a person's federally protected rights. Nor does it require a claimant to prove that a BZA member abused his/her governmental power.
- 3.6.4. The statutory immunity which BZA members may be afforded under state law does not apply to lawsuits which may be filed against them under federal law. However, there are circumstances in which a member of the BZA may be entitled to invoke qualified immunity under federal law.
- 3.6.5. Applicability of Ohio Ethics Laws to BZA
 - 3.6.5.1. BZA members are "public officials" as that term is defined in the Ohio Ethics Law, R.C. 102.01 (B).
 - 3.6.5.2. The Board of Zoning Appeals is a "public agency" as that term is defined in the Ohio Ethics Law, R.C. 102.01 (C).
- 3.6.6. Applicability of Ohio Criminal Code to BZA
 - 3.6.6.1. BZA members are "public officials" and "public servants" as those terms are defined in the Ohio Criminal Code, R.C. 2921.01 (A).
 - 3.6.6.2. As "public officials" and "public servants" BZA members are prohibited from doing certain acts which are set forth in R.C. 2921.42, 2921.421 and 2921.43.
- 3.6.7. Violations of the Ohio Ethics Law and Ohio Criminal Code can result in civil and criminal proceedings.

- 3.6.7.1.1. Violations of the Ohio Ethics Code can be misdemeanors of the first or fourth degree.
- 3.6.7.1.2. A violation of the Ohio Criminal Code can be a misdemeanor or a felony depending upon the nature of the offense.
- 3.6.8. The Ohio Ethics Commission publishes information sheets to provide guidance for public officials. These information sheets are available on the Internet. Those with the most applicability are:
 - 3.6.8.1. Property Matters Affecting Family Members (#9)
 - 3.6.8.2. Property Matters Affecting a Public Official or Employee (#8)
 - 3.6.8.3. Accepting Gifts, Meals, Entertainment, or other Things of Value (#7)
- 3.7. By acting openly, fairly, and treating all individuals and entities equally, it is unlikely that BZA members will be confronted with any claims being made against them as a volunteer member of the board or commission to which they have been appointed.

4. Important and Applicable Statutes

- 4.1.1. Members appointed by the Board of Trustees of Beaver Creek Township to serve on a public board or commission, must be familiar with not only the laws and regulations which specifically govern the board or commission on which they serve, but other statutes which apply to all individuals serving within the public domain. The following is a brief outline of three of those laws. Questions members may have regarding the specifics of each law can be directed to their staff liaison.

5. Ohio Sunshine Law (R.C. 121.22)

- 5.1. Each board, commission, committee, subcommittee, agency, authority or similar decision making body to which Board and Commission members have been appointed by the Board of Trustees is considered to be a “public body” under the Ohio Sunshine Law. (Section 122.22 of the Ohio Revised Code). This law requires that they deliberate, discuss, and conduct all official business in open meetings. There are only a few limited situations when a "public body" may adjourn into executive session to discuss matters privately. They must comply with the provisions of the Ohio Sunshine Law when the following three characteristics are present:
 - 5.1.1. A prearranged gathering;
 - 5.1.2. Attendance by a majority of the members of the "public body";
 - 5.1.3. The purpose of the gathering is for conducting, transacting, deliberating, or discussing public business.
- 5.2. When these three characteristics are present Board and Commission members MUST do the following:
 - 5.2.1. Conduct meetings in a venue which is open to the public. Generally, this requires that the meeting must be held in a public meeting place within the Township;
 - 5.2.2. Give proper notice of the meeting pursuant to rules adopted by the board or commission. Notice must be given to the news media which has requested

notification and any person who has requested reasonable advance notification of all meetings;

5.2.3. Maintain full and accurate minutes. These minutes must state sufficient facts to permit the public to understand and appreciate the rationale behind the public body's decision. All such minutes must be prepared promptly, filed with the appropriate party and maintained indefinitely.

5.3. If they fail to fulfill these requirements Board and Commission members could be subject to the consequences set forth under Ohio Revised Code Section 121.22.

5.3.1. Any resolution, rule or formal action of any kind taken during an illegal meeting may be declared to be invalid. For purposes of the statute, a "formal action" occurs by any mechanism by which any member of the group makes their views known about a matter pending before them.

6. Public Records Act (Ohio Revised Code Chapter 149)

6.1. The Board of Trustees, its employees, as well as the Board of Zoning Appeals and the Zoning Commission, are required to comply with the Public Records Act. However, so as to promote the purpose of that law, which is to allow broad access to records of public offices, the Board of Trustees encourages all the other groups which it may create to comply with the provisions of the Act.

6.2. Generally, the Public Records Act requires that all public records be available for inspection upon request by any person. For purposes of the statute a public record is any item kept by a public office that (1) is stored on a fixed medium, (2) created, received, or sent under the jurisdiction of a public office and (3) documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office.

6.3. A copy of the Township's Public Records Policy is available on the Township website and as part of the Beavercreek Township Policy and Procedures Manual.

7. Ohio Ethics Law (Chapter 102 and Revised Code Sections 2921.43 and 2921.43)

7.1. The Ohio Public Ethics Law pertains to any person who is elected or appointed to an office or is an employee of a department, division, board, commission, authority, bureau, or other instrumentality of the Township.

7.2. Generally, the Ohio Ethics laws prohibit a person who is subject to the laws from participating in matters that involve his/her own financial interest or those of his/her family or business associates. The following types of conduct are prohibited or restricted by the Ohio Ethics Laws:

7.2.1. *Misuse of Official Position.* Persons may not use or authorize the use of their public position to benefit themselves or others in circumstances that create a conflict of interest where their objectivity could be impaired. Such persons must avoid any

situation in which they might gain personally as a result of the decision they make or influence as a public servant;

- 7.2.2. *Representation Before Agency on Which one Served.* Present or former public officials are prohibited from representing anyone before any public agency, including their former employer, on any matter in which they personally participated in their official capacity;
- 7.2.3. *Sale of Goods and Services to and Representation of Clients Before Public Agencies.* Public officials or employees are prohibited from receiving compensation, other than from their own public agency, for services rendered in a matter before any agency of the governmental entity on which they serve;
- 7.2.4. *Disclosure of Confidential Information.* Both present and former public officials are prohibited from disclosing or using any information appropriately designated by law as confidential;
- 7.2.5. *Participation in Public Contracts and Public Investments.* Public employees or officials are prohibited from having a financial or fiduciary interest in a public contract. Specifically, such persons are prohibited from authorizing, voting or otherwise using the authority or influence of their office to secure approval of a public contract in which the officials, family members or business associates have an interest.
- 7.2.6. *Soliciting or Receiving Improper Compensation.* Public officials are prohibited from receiving compensation, in addition to that paid by their public agency, for performing their official duties.

- 7.3. These are just GENERAL STATEMENTS and are not intended to reflect all of the prohibitions imposed by the Ohio Ethics Laws. If Board and Commission members have any questions or concerns regarding their participation on any board or commission, or their participation on any matter which may come before them as a member of any township board or commission, they must IMMEDIATELY notify their staff liaison. In appropriate circumstances, advisory opinions can be obtained from the Ohio Ethics Commission.
- 7.4. A violation of the Ohio Ethics Law can result in severe penalties. Any violation of any provision of the Ohio Ethics Laws constitutes a criminal offense. Most of the provisions, including conflict of interest prohibitions, are first degree misdemeanors punishable by a maximum fine of \$1,000.00, a maximum prison term of six (6) months, or both. However, violations of other provisions of the law can result in more severe punishment with fines of up to \$2,500.00 and a prison term of eighteen (18) months, or both.
- 7.5. Periodically, Beaver Creek Township offers training sessions on Ohio's Ethics Laws and has videos on this topic. Information concerning such training will be provided at time of appointment. Each board or commission member is strongly encouraged to attend these training sessions. Additionally, information will be provided when available.

Email from the Ohio Township Association on CareWorksComp group rating:

Each of you recieved an email from the OTA this week regarding its association with CareWorksComp, the company which currently handles our BWC group rating program. CareWorksComp is presently the only group rating option for Townships. This email was generated as a result of a competitor who is attempting to establish its own municipal group that will also include Townships. I requested a quote from the potential new provider a few weeks ago. I will keep the Board updated as I have additional information.

Please find documentation for the following Road Department agenda items for Monday's meeting:

- 1) Purchase request for replacement air conditioner at Station 63
 - 2) Bi- weekly report
-

1. Request Approval to Purchase replacement air conditioner for Station 63 Radio Room
 - 1.1. This request is to replace a failed portable A/C for the communications room
 - 1.2. This purchase is an immediate need, to maintain the proper temperature in the communications room, to avoid equipment failure.
 - 1.3. This purchase will provide the proper unit to be installed to cool the space as it is being used today.
 - 1.4. Cost center/program area: Improvement of sites / Fire Station 63 2192-220-730-5563
 - 1.5. When the room was designed it had limited equipment installed and the used of a portable unit was expectable, however the unit exhaust was directed into the interior hall. As technology has expanded the heat from the equipment is requiring additional cooling be provided to limit equipment failure.
 - 1.6. Three Quotes- Attached
 - 1.7. A Mitsubishi P series 12,000 btuh with low ambient performance controls
 - 1.8 Other considerations
 - 1.8.1 The anticipated life span of the unit is 12 years
 - 1.8.2 After first year the recurring cost will be for preventive maintenance
 - 1.9 I make a motion approve purchase request (00366) to AAble Heating and Air for the replacement air conditioning unit for Station 63 communications room, in the amount of \$4,780; and to authorize the Township Administrator to sign for the Board.

For over 50 years, Mitsubishi has remained at the forefront of the mini split industry thanks to their dedication to providing efficient, user-friendly comfort solutions. The PEY-A12NHA4R1 is a packaged single zone air conditioner mini split system designed to bring unobtrusive cooling to any room in a large home or business while taking advantage of existing ductwork. A concealed duct indoor unit, PEA-A12AA4R1.TH, is paired with an outdoor condenser that uses some of the most advanced technology available to modulate temperature without the energy-wasting overshoots and short-cycling associated with simpler systems. With the PEA-A12AA4R1.TH, a small air register is the only evidence of that a powerful and efficient mini split is servicing your room. As part of Mitsubishi's commercial P-Series, the condenser is constructed with industrial-grade materials to ensure consistent performance in the harshest conditions, making this system ideal for critical applications that require constant conditioning.

Product Features

Precision Temperature Control Technology

The PUY-A12NHA4R1 outdoor condenser is equipped with inverter technology and an electronic linear expansion valve. By adjusting compressor speed and refrigerant flow, the output of the unit can be matched to the zone for precise temperature control and improved efficiency.

Dehumidification

When the indoor unit is run in dry mode, the coil's temperature stays just below the dew point of the return air, removing unwanted moisture. This improves your comfort and reduces the chance of mold growth and other property damage in the conditioned space.

Condensate Removal System

The PEA-A12AA4R1.TH contains an internal drain mechanism capable of lifting condensate 21-11/16". This simplifies installation and prevents condensate overflow, which can damage or destroy your property.

Advanced Remote Controller

The MHK1 wireless wall mounted remote controller kit supports multiple scheduling options. It also has Optimal Start functionality for learning how quickly your zone is cooled, then adjusting scheduled operations so that the zone is always the right temperature at the right time.

Subject: Fire station #63 - Computer room area cooling unit

Dear Ben,

Thank you for the opportunity to provide you with this proposal. Based on our inspection last week, we are pleased to provide you with the following proposal to provide and install a new 1-ton ductless split system cooling unit for your server rack area. As you know, there is currently one (1) single 6" x 6" cooling supply in the space, which does not provide enough cooling for the heat generation. Please note the scope of work listed below. All work will be performed during normal business hours. This proposal is valid for 30 days.

Scope of work:

- Provide a new 1-ton, ductless split cooling system unit for the server room area.
- The new ductless split will have a single condensing unit which will be located on the ground next to the existing condensing units for the facility. We will provide and set a new condensing unit on the exterior wall via wall brackets.
- The indoor sections will consist of one (1), wall-mounted evaporator unit. We will mount the unit on the exterior wall next to the ceiling within the space.
- Provide and install new refrigerant lines from the condensing unit to each evaporator unit.
- Provide and install new condensate drain line from the evaporator unit through the exterior wall of the building.
- Provide and install a new remote thermostat controller for the new unit.
- Provide and install a new electrical disconnect box on the exterior wall for the condensing unit. We will install new electric from the disconnect box to the interior breaker panel as inspected.
- Provide a proper startup on the new unit once installed.
- Provide and install all required electrical connections for the new unit.
- Provide all labor and materials as required for the above mentioned project.
- Exclude any and all permits or drawings.
- Total price for all work described above: \$ 6,280.00

Thank you again for these opportunities. We look forward to working with you on this project very soon. Please sign below and fax back to me at 513-424-3339 and I will order the materials and schedule a time to complete this project immediately.
